Shape the Future of Legal & Compliance with AI at Vontobel

Are you passionate about Legal & Compliance and eager to explore how AI can revolutionize the industry? Do you want to be part of a team that's defining a brand-new role at the intersection of technology, law, and compliance? If you have a background in Engineering / AI and hands on experience in Legal & Compliance related topics, this is your opportunity to make an impact.

Why Join Us?

Vontobel has a long-standing reputation as a technology leader, consistently staying ahead of the curve and driving innovation. We want to further accelerate on shaping the future of Legal & Compliance with AI — and we need your fresh ideas and expertise to make it happen.

What would your role be?

As part of our **General Counsel Office & Transformation team**, you will:

- **Develop & Execute AI Strategies – Help shape Vontobel's AI roadmap for Legal & Compliance and bring it to life.**
- Bridge Business & Technology – Support our Legal & Compliance experts in turning business challenges into AI-driven solutions.

- Collaborate with IT Specialists – Define requirements, implement, and test AI solutions in partnership with our technology teams.
- Stay Ahead of AI Trends – Keep up to date with the latest developments in AI for Legal & Compliance and help integrate them into our operations.
- Empower & Upskill Teams – Provide AI training and support knowledge-sharing across Legal & Compliance.

What are we looking for?

- A Bachelor's or Master's degree in Engineering, Business Analysis, or a related field, with a solid understanding of AI.
- A strong interest in Legal & Compliance and how AI can drive innovation in this space.
- An entrepreneurial mindset—proactive, adaptable, and eager to shape a new role.
- Solution-oriented and data-driven thinking to tackle challenges effectively.
- The ability to work independently, while thriving in a collaborative environment.

What do we offer?

- We embrace agile principles, fostering innovation, trust, and adaptability in how we work.
- We support your career growth, offering training, certifications, and professional development opportunities.
- Collaboration and transparency are at the core of our culture—we work as One Vontobel, sharing knowledge and skills across teams.
- We offer flexible work arrangements, including remote work options and diverse benefits, along with a first-class lunch menu when working on-site.

Artificial Intelligence is shaping the future of Legal & Compliance, and we want you to be at the forefront of this transformation. Join us at Vontobel and play a key role in integrating AI into our Legal & Compliance landscape.

We are looking for talented people, not just a CV that ticks all the boxes. Even if you do not have absolutely everything we have asked for, if this role sounds like a good fit for you, we encourage you to apply.

At Vontobel, you are building better futures for our clients and society, as well as for yourself. By 2030, we want to be known as one of the leading and most trusted global investment firms. We have 2,300+ engaged professionals, based in 27 locations globally and headquartered in Zurich.

We are both majority family-owned and publicly listed. Our capacity for long-term focus, on topics such as sustainability, is underpinned by the security of the family's 100-year commitment. Driven by an ownership mindset, you can unlock your potential and translate insights into opportunities. We are hiring talented individuals who are determined to deliver in a changing world and who come from a wide variety of backgrounds.

Thank you for applying to Vontobel. We will carefully review your application and will respond to you in a timely manner.

At Vontobel, we are an equal opportunity workplace. We are committed to equal employment opportunity regardless of race, color, ancestry, religion, sex, national origin, sexual orientation, age, citizenship, marital status, disability or gender identity.

We value the many voices within our teams and are committed to creating an environment where everyone who wants to be part of our performance culture can be themselves. It is based on mutual respect and zero tolerance for any form of discrimination.

If you have any questions you can contact us through our [contact form](#).
